

18th CHINA HANGZHOU CHEMICAL FIBRE FORUM 2019

第十八届中国杭州·化纤论坛 (2019)

March 20-22, 2019
Hangzhou China

Invitation

After experiencing more than a decade of development, PTA futures finally realized internationalization; MEG is an important polyester feedstock, and MEG futures was officially launched at Dalian Commodity Exchange. China's private refineries representative by Zhejiang Petrochemical, Hengli Petrochemical, Hengyi Brunei project will successively start operation after 2019 and alter industrial development pattern. Under such background, CCFGroup will hold the 18th China Hangzhou Chemical Fibre Forum (2019) with the theme of "Internationalization, Financialization, Integration" in New Century Grand Hotel Hangzhou China during March 20-22, 2019. We are looking forward to meeting you in Hangzhou!

This forum will be held in the form of conference reports, keynote speeches and roundtable forums, etc., and CCFGroup will invite guests including well-known macroeconomic experts, entrepreneurs, industry leaders, financial elites and make multi-dimensional discussion and analysis on market hotspot issues such as "PTA futures internationalization", "MEG futures launch", "startups of refining and chemical complex projects", "commodity market investment opportunities" and "polyester industry supply/demand and prosperity".
